"I tempi sono tre: presente del passato, presente del presente, presente del futuro. Questi tre tempi sono nella mia anima e non li vedo altrove. Il presente del passato, che è la storia; il presente del presente, che è la visione; il presente del futuro, che è l'attesa."

Agostino d'Ippona

La nuova anima di BRILLIANT vive di questi tre "presenti": passato/presente/futuro. I nuovi prodotti affondano le radici nella storia del design italiano ma parlano alla società contemporanea perché risultano leggeri, confortevoli già al primo sguardo, dotati di una forte ed essenziale personalità. Questa "calda essenzialità" identifica il prodotto BRILLIANT e lo rende senza tempo, ideale per costruire una casa di qualità dove ogni oggetto è scelto per durare per sempre.

"There are three tenses of times: the present of past things, the present of present things, the present of future things. These are three realities in the mind, but nowhere else as far as I can see; for the present of past things is memory, the present of present things is attention, and the present of future things is expectation."

Agostino d'Ippona

The new BRILLIANT soul has these three "presents": past/present/future. The roots of the new products reach back into the history of Italian design and also out to contemporary society. This is because they appear sleek and comfortable from the first glance, while conveying a strong and simple personality. This warm, understated simplicity is what defines BRILLIANT and makes it timeless – the perfect solution for sophisticated homes in which each piece is selected to last a lifetime.

Il nuovo catalogo BRILLIANT racconta come un tessuto, un materiale, una cucitura sartoriale o un colore possano dare nuova forma ad un interno, rivelando la personalità e le passioni di chi lo abita.

## 100% made in Italy

100% Italian Quality is our motto. BRILLIANT invests in Italian expertise: time-honoured artisan wisdom meets contemporary design in the creation of noble furniture in the best Florentine tradition. Premium raw materials, the invaluable expertise and wisdom of Italian craftsmen and precision workmanship come together in a collection with a strong identity, able to fuse the contemporary, warm and simple language of BRILLIANT with the indisputable quality of handmade furniture. The new BRILLIANT catalogue tells how a fabric, a material, a sartorial seam or a simple colour can give form to an interior, revealing the personality and passions of the people within it.
